skossakoski@sau16.org

What is an electronic portfolio?

- A collection of authentic evidence,
- Represents what a person has learned over time
- Reflections on learning
- Designed for presentation to one or more audiences for a particular purpose.

From: <http://electronicportfolios.com/systems/paradigms.html>

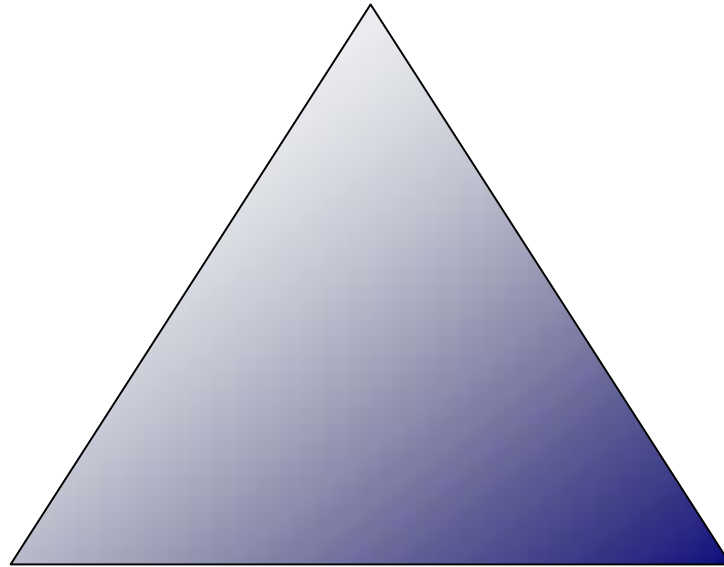

Portfolio pitfalls

- A portfolio without academic standards, learning goals, or reflections on learning is...
 - just a multimedia presentation
 - a fancy electronic resume
 - a digital scrapbook

From: <http://electronicportfolios.com/>

Balanced approach to assessment

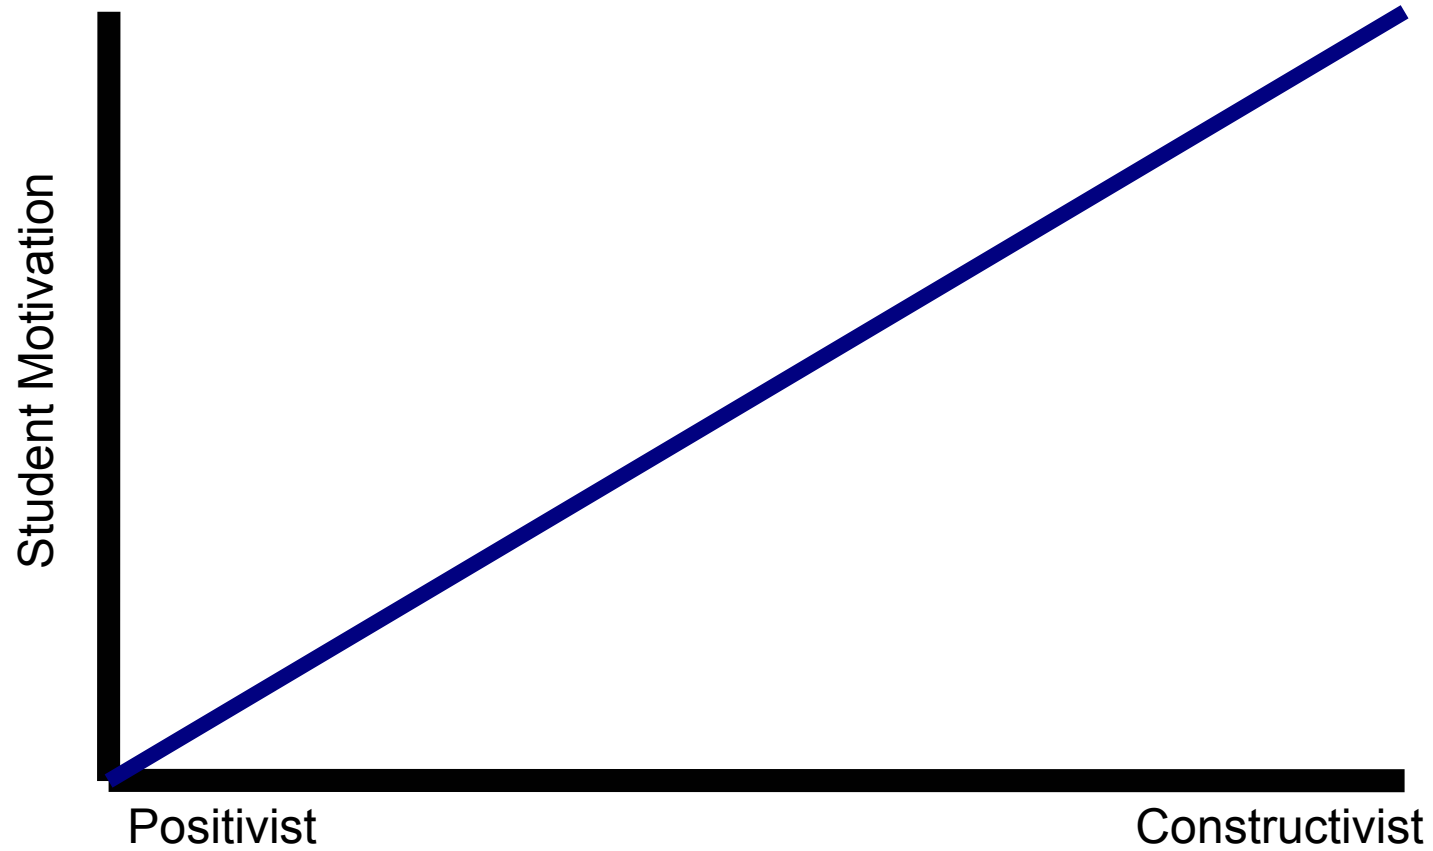

Classroom-based assessments

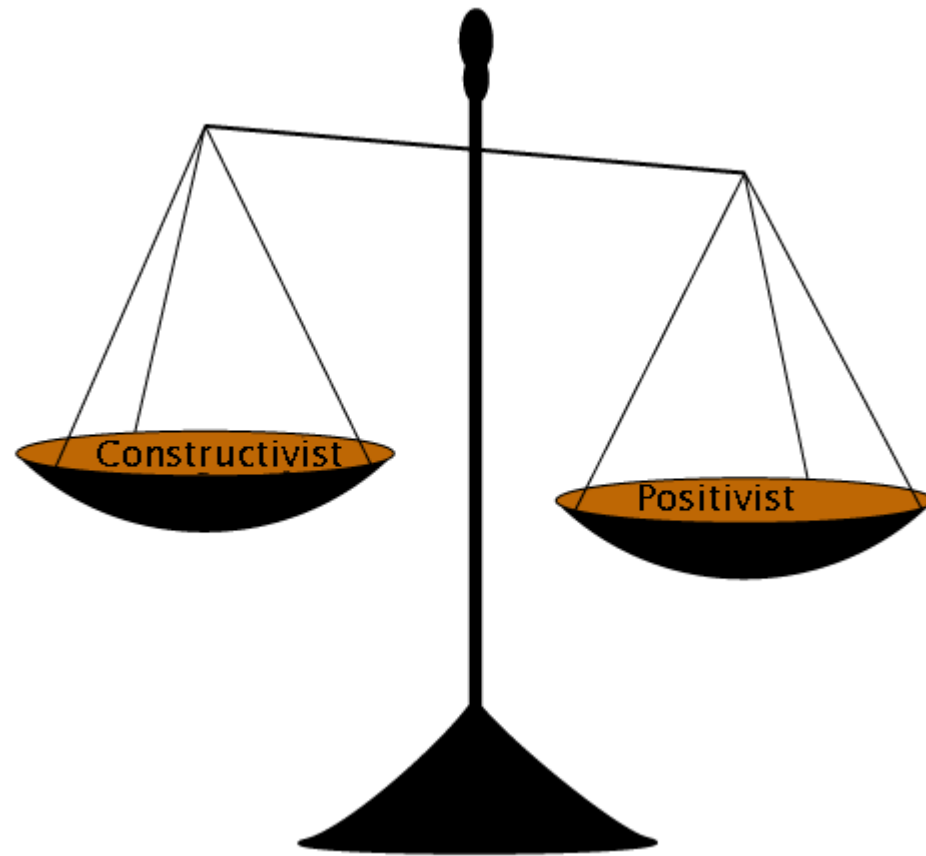

Standardized tests

Portfolio assessment

Portfolio Paradigms

An opportunity...

- 1) Primary focus on academics a student learning
- 2) Secondary focus on ICT standards
- 3) “Fusion” of learning and technology
- 4) Maximize learning and “buy in” to ICT
 - Student centered
 - Teacher driven

Why Moodle?

- 1) One toolbox
- 2) FileKeeper
- 3) Flexibility
- 4) Open Source
- 5) ***Anytime, anyplace learning***

Moofolio Enhancements...

- Publish to CD/DVD
- Sub-folders
- Summary data
- Teacher certification
- DART integration
